

Josh Rowland, BLA, RLA, Principal

As Principal Joshua Rowland brings a strong background to both small- and large-scale planning and design projects. He is highly experienced in the areas of urban design, community master planning, resort planning and design, and the management of large-scale construction projects. Throughout his professional career, Josh has successfully managed clients' projects from concept to final product. He brings a detailed insight to how a project moves from paper to reality, thus assuring the client of the delivery of a solid project that accurately meets their specifications.

A selection of projects Josh has worked on with previous firms includes: Venice Beach Refurbishment, Venice, California; Concept Planning for the Port of Los Angeles, Foot of Avalon/Bannings Landing Redevelopment, Los Angeles, California; Avila Beach Front Street Reconstruction, Avila, California; Monterey Catellus Water Front Redevelopment, Monterey, California; East Dunes Residential Community, Monterey Bay/Sand City, California.
